YOUR GETIR ORDER COULD KILL A RIDER AND LEAVE A BROKEN FAMILY

If a driver gets injured or dies, they or their families are left with nothing. The riders have no insurance and can expect no sympathy or pay out from the company. Every Getir driver is a moment away from death, injury and destitution. [Hear their voices >>](#)

The pressure for speed and the number of deaths when the 'come quickly' button was introduced.

The rebellion of the Getir courier became the agenda: "Let me die if a car crashes here, I will not say, 'Why did I die, stop, I was going to live'"

In a street interview, a Getir courier with a microphone extended said, "I wouldn't say, 'Why did I die, stop I was going to live,'" he said, saying that he could not get along and had no social life even though he worked for 14 hours. The rebellion of the courier became the agenda on social media.

FROM THE TURKISH MEDIA

A motorcycle courier working at Getir explained the working conditions of the motorcycle courier who competed with the minutes under the pressure of the customers "to come very urgently" and the pressure from the boss to "take it fast". Explaining the working conditions, the courier from Getir said, "We have a very high risk of having an accident in traffic." He draws attention to the risk of accidents with his words. The reason for the risk of accident is the 'hurry up' pressure.
